A 21ST CENTURY WINDOW WITH TIMELESS HERITAGE STYLE

The elegant design of a traditional flush casement window has stood the test of time. With the opening sash sitting flush within the frame, it creates a clean, understated aesthetic and beautifully authentic appearance.

This simplicity of style is why you'll find flush casement windows in properties of all ages. From the past to the present, they're the perfect choice for every era.

Our Flush Casement Window brings all the understated style you'd expect.

As well as its timeless appeal, it offers all the benefits of a modern PVC-U window, including low maintenance, enhanced security and excellent thermal efficiency to help keep your home comfortable all year round.

It's a wonderful combination.

WHERE HERITAGE MEETS MODERN

The Flush Casement Window is a wonderful choice when you want to recreate authentic period style. It's also the perfect choice when you want to complement the simple styling of modern architecture.

HERITAGE BENEFITS

The Flush Casement Window brings all the hallmarks of a 21st century window, including reliably low maintenance.

From slim-depth sashes to a putty line edge, every detail beautifully replicates a traditional timber casement window.

The opening sash sits flush with the frame both internally and externally so you get the benefit of simple lines both inside and out.

The option of mechanical jointing takes the authenticity to another level by replacing 45-degree welded corners with 90-degree joints.

PERFORMANCE BENEFITS

Features such as a strengthened design plus advanced Yale locking systems mean you can achieve the highest standards of security.

Impressive reinforcement means it's suitable for every location, no matter how demanding.

Enhanced structural integrity means you can enjoy the wide expanses of glass that modern glazing can achieve.

Exceptional thermal efficiency properties mean it will help keep your home warm in winter and cool in summer.

DETAILS DESIGNED FOR YOU

Every Flush Casement Window is precision-manufactured by experts to your exact specifications so you can have the perfect windows for your home.

Sashes can open on the top or on the left or right. You can have a bay or bow window. Or you can add Astragal bars to recreate the appearance of individual small panes.

There's even a French Casement window option if you want to embrace Gallic style or create a greater sense of openness. It features two symmetrical sashes that both open outwards – just like a French door. With no central mullion when open, you can enjoy wide, uninterrupted openings and make the most of your view.

The practical features are adaptable too. Double or triple glazing options mean you can go above and beyond to enhance thermal efficiency to the highest modern standards.

And turn to pages 8 and 9 to see how you can personalise your Flush Casement Windows with your choices of colour and hardware design.

THE FINISHING TOUCHES

Classic colours

With our range of colours and finishes, you can have windows to perfectly enhance your home. You'll find shades chosen to complement different types of brick, stone and render as well as a selection of wood effects including oaks and rosewood. And if you want to match your interior décor or features, our dual-colour options might be the answer you're looking for.

CREAM			BROWN			GREY

Black Ultra-Matt	Silver D Smooth	Hazy Grey Finesse	Buckingham Grey					
Basalt Grey Smooth	Slate Grey Finesse	Slate Grey	Anthracite Grey					
Anthracite Grey Smooth								

Elegant hardware

You can complete the look with a range of stylish, high-quality hardware. You can highlight heritage aesthetics with monkey-tail handles and dummy peg stays that create the appearance of traditional hand-forged hardware. Or, to create a simple, clean look that's perfect in a modern home, opt for contemporary-style window hardware. The choice is yours.

PEACE OF MIND AS STANDARD

When you choose our Flush Casement Windows you can rest assured that every technical and regulatory detail will have been considered, and that your windows will meet or exceed every requirement.

Yale Lifetime Total Trust Guarantee

Your windows and doors are proudly protected by Yale Lifetime Total Trust Guarantee*, providing homeowners with enhanced reassurance and support should the unexpected occur. Should your PAS 24 window security ever be breached, Yale will support you with cover up to £5,000.
